MEETING DATE: 19 June 2023 **FILE:** F2004/08046

ACTIONED TO: Joe Ingegneri, Manager Technical Services

RESOLUTION NUMBER: 33/23

Resolution:

Resolution 33/23 - Randwick City Council consider the undergrounding of the power lines in the area bounded by the ocean, Dolphin, Mount and Dudley Street in future Operational plans and Budgets.

Council response:

Undergrounding of powerlines requires significant funding including restoration of the footpath paving and new light poles. The proposal to progressively underground powerlines, either along the coastline or across the city has been costed in the past and it was not pursued due to an unfavourable project feasibility. It was determined that undergrounding of power only been considered as part of town centre upgrades or localised public domain upgrades supporting commercial centres. The undergrounding of powerlines will be included when town centre upgrades are planned.

In relation to the conflict of powerlines and trees, council manages the coexistence of trees and powerlines across the city. Costs for tree maintenance do not offset the cost to underground powerlines.

MEETING DATE: 19 June 2023 **FILE:** F2004/08046

ACTIONED TO: David Kelly, Manager Customer and Compliance

RESOLUTION NUMBER: 34/23

Resolution:

Resolution 34/23 Council also consider a quarterly deep clean in addition to the regular cleaning schedule.

Council response:

Currently the hall is cleaned 7 days a week. As per previous response, given that the cleaning schedule is already quite comprehensive, additional scheduled cleaning services are not considered to be required. The head of building maintenance has spoken with the cleaners to ensure the cleaning services are being provided to a high standard as complaints have been received. I am happy to take on board any particular feedback you have on certain areas that need to be looked at more closely. I will pass that feedback on to the cleaners on your behalf.

PRECINCT: Coogee Precinct **EMAIL:** Coogeeprecinct2034@gmail.com

MEETING DATE: 19 June 2023 **FILE:** F2004/08046

ACTIONED TO: Ryan Zammit, Manager Infrastructure Services

RESOLUTION NUMBER: 36/23

Resolution:

Resolution 36/23 RCC consider trimming of the bush or relocation of the bush and replacement with a lower height growing shrub to enhance the view.

Background: Plantings near The Artists' Chair. The wooly bush planted alongside the stairs leading to the beach is grown to a considerable height and while beautiful is blocking the view from the artists' chair

Council response:

Council is currently undertaking investigations with Arborists to either prune or remove the Wolly Bush's and replace with more suitable Native shrubs.
