MEETING DATE: 15 April 2024 **FILE:** F2004/08046

ACTIONED TO: Ryan Zammit, Manager Infrastructure Services

RESOLUTION NUMBER: 9/24

Resolution:

Resolution 9/24: Electronic signs regarding water temperature etc. have been removed at Coogee Beach. Council to inform status – i.e. are they being repaired and/or replaced.

Council response:

Council procured four electronic signs from the Commonwealth Smart Cities and Suburbs Grant program. These original electronic signs have deteriorated in the coastal environment with significant corrosion of internal components and have reached the end of their useful life.

Council internal smart cities funding has been used to replace the four signs with two new signs – one on the upper promenade and one on the lower promenade.

As there is no matching Commonwealth funding available the signs at Coogee North and Coogee South upper promenade have been removed without replacement.

The new signs have been designed as far as practicable to be resilient in the coastal environment compared to the initial signs.

RESOLUTION NUMBER: 8/24

Resolution:

Resolution 8/24: Handrail leading from Dunningham Reserve to beach. Photos provided of the state of the handrails. Council to be asked whether there are plans to replace these handrails.

Council response:

Please be advised that Council's Trade Services team have previously scheduled these handrails for replacement in our system.

The team is currently procuring these works and it is estimated that once the works are approved, the manufacturing and installation of the handrails will take approximately 6 to 8 weeks.

RESOLUTION NUMBER: 10/24

Resolution:

Resolution 10/24: Council to be asked what has happened regarding the remnants of the Coogee Beach piers which were removed for safety issues.

Council response:

Thank you for your enquiry, I write to advise that the Piers are currently safely stored at the Randwick Council's Works Depot at Storey Street Maroubra.

Please refer to the attached photos below photos.

Council is currently considering using the piers for an historic/cultural art installation; however, no decision has been made at this stage.
