ACTIONED TO: Tony Lehmann, Manager Integrated Transport

RESOLUTION NUMBER: 14082023(2)

Resolution:

Resolution 14082023(2): Council to undertake a traffic study on corner of Perry St/ Beauchamp Road and waste management plant.

Background: Traffic crossing Beauchamp from the waste plant to travel along Perry St is making it hard to turn right from Perry onto Beauchamp and causing traffic to build up along Perry. The lights at the intersection on Perry St to turn right on to Beauchamp should have a green arrow, to assist with traffic flow.

Council response:

The intersection of Beauchamp Road and Perry Street is controlled by traffic signals.

In NSW all public road traffic signals are managed and controlled by Transport for NSW (TfNSW).

Accordingly, the Precinct's request has been referred to TfNSW for investigation and response.

Once we receive a response from TfNSW we will inform the Precinct of their advice.
