PRECINCT: Clovelly Precinct **EMAIL:** precinctclovelly@gmail.com

MEETING DATE: 19 February 2024 **FILE:** F2005/00497

ACTIONED TO: Todd Clarke, Director City Services

RESOLUTION NUMBER: 19022024(1)

Resolution:

That the Director of City Services provide the documentation from the rugby and rugby league clubs relating to their decision (following the December 2022 community meeting) to support the lengthening of Burrows Park football field.

Council response:

In October 2023, a meeting was facilitated with the relevant primary Sportsfield booking users of Burrows Park and applicable supporting associations.

At this meeting all those in attendance voted in favour of pursuing further investigations into a full-size field and new amenities and changeroom buildings.

The stakeholder groups present in which voted in support included:

Primary Sportsfield Bookings Users

- Clovelly Crocodiles (Sydney Roosters Junior Rugby League)
- Clovelly Eagles JRFC (Randwick Rugby)

Applicable associations

- Randwick Rugby
- Sydney Roosters Junior Rugby League
- South Sydney Juniors Rugby League (offer support for combined competitions however do not utilise the field)

MEETING DATE: 19 February 2024 **FILE:** F2005/00497

ACTIONED TO: Todd Clarke, Director City Services

RESOLUTION NUMBER: 19022024(2)

Resolution:

That the resolution below be followed up with the Council.

Resolution 11122023 (3) to the Director of City Services

That the Scope of Works for the firm chosen for the Burrows Park project be made available Precinct Committee and other interested groups.

Council response:

The project scope of works for the appointed lead consultant is in accordance with the Council resolution no. 302/23 on 28 November 2023 :

- a) *Council officers proceed to develop a masterplan of Burrows Park to explore its configuration with a larger sports field and upgraded amenities building, and the associated impacts;*
- b) *Council officers proceed with the development of a concept design for an amenities building upgrade to suit the existing field configuration;*
- c) *cost planning and an associated funding strategy be prepared for the two options; and*
- d) *the outcomes be reported back to Council and go out to community consultation.*

MEETING DATE: 19 February 2024 **FILE:** F2005/00497

ACTIONED TO: Todd Clarke, Director City Services

RESOLUTION NUMBER: 19022024(3)

Resolution:

That in line with the General Manager's proposal for the Council officers to be more active in improving the customer experience with the community, that he enables the request for access to the Randwick Flood Catchment Study (RFCS) by interested and potentially affected residents.

Council response:

Following community consultation and the feedback received, council officers have reviewed the comments and determined to undertake further work associated with the draft Flood Study.

These works involve developing flood mitigation measures for the hotspots identified in the flood study and assessing the feasibility for each option. This work is generally undertaken as part of the Floodplain Risk Management Study and Plan (FRMSP). However, in this instance, we have brought this work forward.

Due to the complexity of the work, the estimated completion is August / September 2024.

As per the Floodplain Management process, the draft report on this feasibility study will be reviewed by the Floodplain Management Committee.

Endorsement of plans will be subject to further community consultation and a report to council.

In the meantime, we will also undertake the peer review of the draft flood study as per our previous commitment.

MEETING DATE: 19 February 2024 **FILE:** F2005/00497

ACTIONED TO: Tony Lehmann, Manager Integrated Transport

RESOLUTION NUMBER: 19022024(4)

Resolution:

The Clovelly Precinct Committee requests through the Transport Committee 1) a report from the ranger/s on their findings on the vehicles parked in Boundary Street eastward from Andrews Street and 2) again consider parking restrictions as implemented in Burnie Street adjacent to the park.

Council response:

The item relating to parking restrictions along Boundary Street east of Andrews Street will be submitted to the upcoming Local Traffic Committee meeting which will be held on the 11th of June 2024.

The meeting agenda for each Local Traffic Committee is posted on Council's website typically 1 week in advance, via this link: <https://www.randwick.nsw.gov.au/about-us/council-and-councillors/council-meetings/business-papers-and-minutes>. If you wish to attend and address the Committee members on any matter, please also advise us via email at council@randwick.nsw.gov.au.

An update will be provided following the Traffic Committee meeting with respect to the relevant actions that will be undertaken as per the recommendations of the Committee. We will provide this update by the end of June.

PRECINCT: Clovelly Precinct **EMAIL:** precinctclovelly@gmail.com

MEETING DATE: 19 February 2024 **FILE:** F2005/00497

ACTIONED TO: Joe Ingegneri, Manager Technical Services

RESOLUTION NUMBER: 19022024(5)

Resolution:

As it is now 25 years since the Clovelly Bay Plan of Management was developed and in light of the community concerns over the Burrows Park project, that Council consider establishing a representative consultative committee to review and upgrade the plan.

Council response:

Council has commenced developing new Plans of Management for Randwick City Council to comply with the new Crown Land Management Act.

We have developed a draft generic Plan of Management (PoM) for all community land across the LGA. This PoM sets the land categorisation, permitted uses / activities and the issuing of leases and licences.

Areas specific PoMs are normally accompanied by masterplans which show how each part of the community land is proposed to be developed. It is this document which would address the issues outlined in the resolution.

Due to the time and funding that it takes to develop an area specific PoM, the initial schedule proposed to upgrade all the existing area specific PoMs has been delayed significantly.

PRECINCT: Clovelly Precinct **EMAIL:** precinctclovelly@gmail.com

MEETING DATE: 19 February 2024 **FILE:** F2005/00497

ACTIONED TO: Mark Bush, Manager Waste, Cleansing and Public Safety

RESOLUTION NUMBER: 19022024(6)

Resolution:

The Clovelly Precinct Committee requests the council address the potentially dangerous nature of the steps and rocks for swimmers entering and leaving the water on the north side of the beach. Options to consider are more regular cleaning or structural changes to alleviate the problem.

Council response:

The stairway on the northern side of Clovelly Beach undergoes jet blasting every three weeks. The most recent cleaning occurred on February 14th. Tides significantly impact this maintenance process, as does foot traffic when we designate the area as a work site. Our crew is currently cleaning the southern side promenade, and they are simultaneously jet blasting the steps on the northern side.

We have installed sufficient signage at the water entry points to warn about dangerous waves. Attached pictures reveal a rock at one of these entry points, which poses challenges for people entering and exiting the water. During low tide, we can perform jet blasting to address this issue. However, at high tide, the rock remains fully submerged in the water.

Our cleaning crew will closely monitor the situation alongside our Beach Services Staff.

PRECINCT: Clovelly Precinct **EMAIL:** precinctclovelly@gmail.com

MEETING DATE: 19 February 2024 **FILE:** F2005/00497

ACTIONED TO: Joe Ingegneri, Manager Technical Services

RESOLUTION NUMBER: 19022024(7)

Resolution:

The Clovelly Precinct Committee is appreciative of the Council's response to residents' earlier concerns about the darkness of the area around 17 -19 Surfside Avenue but is seeking further consideration of measures to markedly improve the light availability in that area.

Council response:

A further review of the lighting outside 17-19 Surfside Avenue has been undertaken.

It is noted that the dense tree canopies are shielding the street light from lighting up the footpath behind the light.

To improve the overall street lighting at this location, we propose to undertake tree pruning works in the first instance. We will issue the works to our contractors and evaluate the lighting accordingly.

We will consider alternative options if they are required.

MEETING DATE: 19 February 2024 **FILE:** F2005/00497

ACTIONED TO: Duncan Scott, Manager Ranger Services

RESOLUTION NUMBER: 19022024(8)

Resolution:

The Clovelly Precinct Committee requests a report be provided from the Council's Ranger Services on what they have found in relation to this issue and if action of any type is possible.

Council response:

I can advise that council Rangers have investigated the subject vehicle (Red box trailer registration NSW TD05NR) located outside 88 Clovelly Rd, Clovelly.

The vehicle is currently registered and is legally parked.

The vehicle is currently being investigated as an 'Unattended Item' under the *Public Spaces (Unattended Property) Act 2021*. Under the *PSUP Act*, unless under direct supervision, a vehicle is deemed to be unattended if it remains unmoved for more than 28 days. If the vehicle is not moved within this time frame notices will be sent to the registered owner and council will commence regulatory action.
