

Meeks Street Plaza Upgrade Update

6 October 2022

Dear Resident / Business Owner,

This notification is advising that due to recent poor weather the drainage works nightworks will be extended for a duration of 1 week, commencing from Sunday 9 October 2022 to Sunday 16 October 2022.

When will the works take place?

Due to the high traffic volumes on Anzac Parade during the daytime, the Transport for NSW Traffic Management Centre has asked us to do these works outside normal business hours to ensure the safety of workers, pedestrians, motorists and to minimise impacts to traffic movements.

Works will be conducted **from 8.00pm to 5.00am, Sunday to Thursday.**

Where are the works?

These works will be undertaken on the intersection of Anzac Parade and Meeks Street.

What disruption is expected?

- The noisiest works including saw cutting and jack hammering will stop by 11pm each night.
- Access for pedestrians walking to homes and businesses will be maintained during these works
- Vehicle through traffic along Anzac Parade will be maintained throughout these works.
- All necessary precautions from noise, vibration and dust will be managed by CA&I.

Where you can get more information?

If you have any questions or concerns, please contact CA&I's dedicated community liaison officer Menios Mitakidis on 0404 090 147 or menios_mitakidis@ca-i.com.au

All reasonable efforts will be made to complete the works on schedule, subject to weather and ground conditions. We will notify businesses and residents if there are significant changes to the program.

Council and CA&I appreciate your cooperation and understanding, and apologies in advance for any inconvenience that these necessary works may cause.
